Fremont Still Indoubt-Two Stories by Special Correspondents-The Flight at Edward's Ferry-Death of Gen. Baker-Rebel Barbarities -Efforts to Supercede McClellan -Gen. Bank's Division Crossing the Potomac.

WASHINGTON, Oct. 22 .- A special to the Tribune says the report made by Adjutant General Thomas of his recent examination into the administration of the Department of the West, by Gen. Fremont, was this morning considered in full cabinet meeting. With the reluctance which hesitates to injure a distinguished man and wound and disappoint the friends whom a popular leader gathers in his career, all the members of the cabinet slowly pronounced their judgment that the interest of Missouri and of the Union required that Gen. Fremont should be superceded in his command by Major General Hunter. The order to this effect will be issued

The President was greatly affected by the death of Col. Baker The special correspondent of the Herald says the latest news to-night is that the whole Gen. Stone's command has crossed the Potomac and is in full pursuit of the enemy, and that Gen. Bank's column had reached the river and would speedily follow and sup-

Information received late to night from Gen Stone's command says the fight was a desperate one and that large numbers were killed on both sides.

Though the enemy was stronger than Stone, he was falling back before the advance of our troops, and would undoubtedly have been totally routed but for the fall of Col. Baker, which produced a sudden confusion among our troops. Gen. Gustavus W. Smith commanded the rebels, and a private dispatch asserts that he was shot from his horse and carried off the field

Gen. Banks with his command is now supporting Gen. Stone, and being a Major General is in full command. Gen. McClellan left for Gen. Banks' head-

quarters on the field, this morning. It is a subject of regret that Gen. Baker should have engaged the enemy when, according to reports, he was ordered to make a attacked to fall back and not fight.

Gen. Baker made his will on Saturday last, deposited it with Col. Webb, and when he left for the field, he said to the latter. "I shall participate in a battle in the next 48 hours. It I fall, I request that you take charge of my body. An effort is making to supercede Gen. Mc-

Clellan with Gen, Hollick, who is on his way here from California. This change would create a new revolution in militury and civil circles, where the greatest confidence is entertained for Gen.

Col. Geary reports that the four men who were killed at the battle of Bolivar heights were afterwards charged upon by the cavalry and stabbed through the body, stripped of all their clothing not excepting shoes and stocklugs, and left in perfect nudity. One was laid out in the form of a crucifizion with his hands spread and cut through the palms with a dull knife.

TIME'S DISPATCH. At the Cabinet meeting to-day it was decided not to interfere for the present with

Gen. Fremont and his command. Judge Davis, of Illinois, was commissioned to take testimony in reference to contracts made in the Western Department, and all bills he passes will be paid. Trustworthy information received this

morning from Fairfax Court House state that only the rebel pickets are present at that place, a small force, however, is stationed at Germantown, a mile and a half distant. The Washington Star's discripton of the fight at Edward's Ferry says both wings were attacked as early as 9 a. m , but the enemy

was repulsed wherever he appeared. At about five p. m. the right wing found itself confronted by nearly four thousand of the enemy under Gen. Evans, with artillery, when Gen. Baker gallantly led the charge in which he was killed. The officer left in command immediately ordered the men to fall back near the river bank where they could be supported by Gen. Stone and the portions of the army that had, at that time, effected a crossing. The men obeyed in good order, carrying off all the dead and wounded. On reaching the point selected the right wing turned, though under the fire of the enemy, which gradually slackened until midnight,

when it ceased. Throughout the night the balance of Gen. Stone's force crossed the river and threw up temporary works that render his posicion safe. and enable him to protect the crossing of the division of Gen. Banks, to be essived this

Bosrox, June, 7, 1855. For several years I have suffered from a Catarria! Affection, consequent upon Bronchitis. I tried various remedies without relief. The system appeared failing under repeated attacks I made trial of the PERUVIAN SYRUP, and soon found decided improvement. It is now six months since I had an attack, and I am no doubt adding my experience to that of others, that the PERUVIAN SYRUP produced this favorable change. PRANCIS DANA, M. D.

Search for and hold fast that which is good," which is an old saying, and truly vorified in Dr. Mc-Lean's Medicines—the celebrated Stransormerino COMPLEX AND BLOOD PURIFIER, and McLEAN'S VOLCA-NIC OIL LINIEST. There have never been remedies that have become so deservedly popular in so short a time as those; they can now be found in the closets of nearly every family in this city, ready for use when required, because they will act just as is stated in the directions. [From the Rev. Dr. GERENLEAF] CINCINNATI, October 12, 1850 I have derived so much personal benefit from the "Peruvian Syrap," that I do not hesitate to recommend its use to all that large class of cases, where Iron is the efficient remedy. To clergymen especially, and persons whose occupations tax heavily the nervious energies, or to sufferers from the debilitating effects of summer heats. I believe this to be an invaluable remedial agent. P. H. GREENLEAF.

But little of the nature of this disorder has been known by the people, and the clear exposition of it there given, will prove acceptable and useful.
